PRODUCTION

PRELIMINARY STATEMENT

The objections and responses set forth below are based upon such information that is presently available to Bungie. Bungie provides these objections and responses without prejudice to its right to assert additional objections and amend or supplement any or all of the information contained in its responses as additional facts are ascertained, analyses are made, and research is completed. These objections and responses are made without waiving or intending to waive, but on the contrary preserving:

a. all assertions as to competency, relevancy, materiality, privilege, and admissibility as evidence for any purpose of the responses or subject matter thereof, in any proceeding in this action, including trial, or in any other action;

b. the right to object on any ground to the use of said responses, or the subject matter thereof, in any proceeding in this action, including trial, or in any other action; and

c. the right to object on any ground at any time to additional Requests, interrogatories, or other discovery procedures involving or relating to the subject matter of these Requests.

A partial answer to any Request that has been objected to, in whole or in part, is not intended to be a waiver of the objection.

In responding to the Requests, Bungie does not concede the competency, relevancy, materiality, or admissibility of the subject matter of the Request. Nothing contained in its objections and responses is to be construed as an admission by Bungie concerning:

a. the existence of any information or document;

b. the relevance or admissibility of any information or document; or

c. the truth or accuracy of any information, document, statement, construction, or characterization.

Any information conveyed in conjunction with Bungie's objections and responses is not to be construed as an admission as to the competency, relevancy, materiality, or admissibility as evidence for any purpose in this action or in any other proceeding. Bungie will respond to each Request, to the extent that no objection is made, based upon its interpretation and understanding of the Request.

GENERAL OBJECTIONS

The following objections apply to each and every Request propounded by Defendant Phoenix Digital Group LLC ("Phoenix Digital") and are incorporated into each of the following specific responses by reference as if set forth in full in response to each individual Request. Any repetition is for emphasis only and not to the exclusion of any other General Objection.

1. Bungie objects to the Requests to the extent they call for information that is protected from disclosure by the attorney-client privilege, the attorney work product doctrine, or

1 any other privilege, protection, or immunity provided by law (“Privileged Information”). Any
2 response should be construed to exclude Privileged Information. Inadvertent disclosure of
3 Privileged Information shall not constitute a waiver of, nor signify intent to waive, the applicable
4 privilege, either as to the information or documents inadvertently disclosed or as to any other
5 information or documents. Nothing contained in Bungie’s responses or the documents produced
6 is intended to be or should be considered a waiver by Bungie of any applicable protection.

7 2. Bungie objects to the Requests to the extent they are vague and ambiguous, use
8 terms that are not defined or understood, seek information that is not relevant to the subject
9 matter of this action or proportional to the needs of the case, and are unduly burdensome or
10 oppressive.

11 3. Bungie objects to the Requests to the extent they call for legal conclusions.

12 4. Bungie objects to the Requests to the extent they are premature. Discovery is
13 continuing in this action and Bungie has not completed its factual investigation. These responses
14 are made in good faith and after diligent inquiry into the facts and information now known to
15 Bungie as well as its present analysis of the case. However, documents that may be responsive
16 to the Requests may not yet have been discovered. Accordingly, without asserting an obligation
17 to do so, and without waiving the objections asserted herein, Bungie reserves the right to amend
18 and/or supplement its responses as and when additional information is discovered. Additionally,
19 because Bungie’s responses are based on information that it has identified to date, they do not
20 preclude Bungie from relying on facts or documents discovered or generated pursuant to
21 subsequent investigation and discovery.

22 5. Bungie objects to the Requests to the extent they seek information of a third party
23 that is in Bungie’s possession, custody, or control but is subject to an obligation of
24 confidentiality and/or nondisclosure to the third party. Bungie will provide such information and
25 documents or things only to the extent it can do so consistent with the Stipulated Protective
26 Order entered in this case (Dkt. No. 60).

1 6. Bungie objects to the Requests to the extent they seek documents or things not
2 within Bungie's possession, custody, or control, or not maintained by Bungie in its ordinary
3 course of business. Bungie will provide only relevant, non-privileged documents that are
4 presently within Bungie's possession, custody, or control and that it is able to locate after a
5 reasonable investigation.

6 7. Bungie objects to the Requests to the extent they seek documents or things in
7 Phoenix Digital's possession and/or available to Phoenix Digital from public sources.

8 8. Bungie objects to the Requests to the extent they seek documents or things more
9 efficiently and appropriately obtained through some other form of discovery.

10 9. Bungie objects to the Requests to the extent they seek disclosure of confidential,
11 proprietary, and trade secret information or information that is otherwise commercially sensitive,
12 and will only produce those documents consistent with the Stipulated Protective Order entered in
13 this case (Dkt. No. 60).

14 10. Bungie objects to the Requests, and their Definitions, to the extent they purport to
15 impose any requirement or discovery obligation on Bungie greater or different than those
16 imposed by the Federal Rules of Civil Procedure and the applicable rules and orders of this
17 Court. Bungie will respond to the Requests in compliance with the Federal Rules of Civil
18 Procedure and the Local Rules of this Court.

19 11. Bungie objects to Definitions 1 and 2 of Phoenix Digital's Requests on the
20 grounds that they are vague and ambiguous, specifically as to the term "Plaintiff" because it has
21 been given two different definitions. For purposes of these objections and responses, Bungie
22 interprets "Plaintiff" to refer to Bungie, Inc.

23 12. Bungie further objects to Definition 2 of Phoenix Digital's Requests on the
24 grounds that it is vague and ambiguous, specifically as to the meaning of the term "indirectly."
25 For purposes of these objections and responses, Bungie interprets this definition to encompass
26 only legal entities owned directly by Bungie.
